

Visit Herts Business Barometer: December 2017

# Visit Herts Business Barometer December 2017

This report is a snapshot of attractions' and serviced accommodation providers' performance in Hertfordshire. This month, attractions in Hertfordshire experienced a decrease in visitor footfall of **2.3%** compared to December 2016, although findings do show that visitor footfall year to date saw an increase of **12.3%**. In addition to this, serviced accommodation providers reported a slight decrease in occupancy levels of **0.4%** compared to the same time last year.

#### News

- Poorer weather compared to 2016, in addition to less discounts and offers available were reported as factors that negatively impacted visitor numbers to Hertfordshire attractions in December 2017.
- On average 93.4% of visitors to attractions were domestic and 6.6% were overseas visitors. Out of the overseas visitors, visitors from France and the USA were both cited by 40% of attractions as being their most prevalent market, followed by visitors from the Netherlands, cited by 20% of attractions.
- **60%** of attractions that submitted monthly figures were up this month compared to December 2016.
- Serviced accommodation providers experienced an average occupancy of **69.3%** with average daily rate increasing by **1.6%** compared to December 2016 and revenue per available room experienced a marginal increase of **1.2%**.

## Visit Herts Website www.visitherts.co.uk

The average dwell time in December 2017 was **1.07 minutes**, with an average number of **1.24** pages viewed during a session\*.

\*Sessions- Total number of Sessions within the date range. A session is the period time a user is actively engaged with the website.

In December 2017, the Visit Herts website had 10,056 unique website visits and 24,707 total page views. The Visit Herts social media channels once again performed well during December. On Twitter we ended the month with 1,401 followers and received 79,643 impressions during this period. On Facebook we ended the month with 906 followers/likes and reached 20,385 people with our content. On Instagram we ended December with 725 followers and received 830 engagements within this period.

During December, Visit Herts launched our first Christmas advent calendar competition, which ran for twelve days leading up to Christmas, with prizes donated from twelve businesses across the county. This competition was a huge success ending with 1,447 entries via our Facebook page.

In December, we sent out two press releases – 'Win glorious gifts every day with the Visit Herts virtual advent calendar' and 'Visit Herts joins new 'Connections' project to attract more US visitors to the UK'. We also sent out two consumer newsletters, titled 'A very Merry Christmas from Visit Herts!' and '12 days of gifts from Hertfordshire launches tomorrow!' These newsletters had open-rates of 32.7% and 28.1% and click through rates of 5% and 8.1%. In December 2017 we also hosted one press trip for a journalist from the Sunday Express Magazine.

December was a quieter month for the Visit Herts travel trade team, as we prepared for our first international show at Vakantiebeurs, NL in January 2018. December also saw us put the final touches to our brand new Group Travel Directory, seeing it published ready in time to distribute at all of the upcoming shows.

## Factors affecting visitor attraction results

# **Positive factors**

Increase in the number of events hosted, compared to 2016 Increased community engagement

# **Overseas visitors to attractions in December 2017**

During December, on average **93.4%** of visitors to attractions were domestic, **3%** long haul and **3.6%** European. Out of the overseas visitors, **40%** of attractions reported visitors from France as being their most prevelant market, alongside **40%** from the USA and **20%** of attractions reporting visitors from the Netherlands.

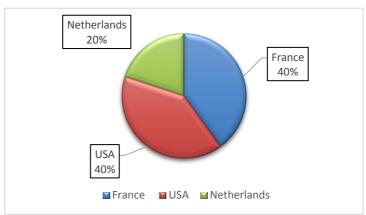

Figure 1: Graph showing the percentage of the most prevalent overseas markets to Hertfordshire attractions in December 2017

# Serviced accommodation

According to the occupancy figures supplied by STR for **63** larger and chain hotels, as illustrated in figure 2 below, overall occupancy was **0.4%** down on the same month last year. The average daily rate increased by **1.6%** compared to December 2016 and revenue per available room experienced an increase of **1.2%**.

Figure 2: Map showing the locations of serviced accommodation providers that contribute monthly to the Hertfordshire Business Barometer through STR Global.

#### Year on year room occupancy comparison (%)

| Hertfordshire | December | December | December  |
|---------------|----------|----------|-----------|
|               | 2016     | 2017     | 16/17     |

# **Other News**

# VisitBritain Monthly inbound update December 2017

## Visits

The UK welcomed 3.2 million overseas visits in October, down by 6% compared to October 2016. Between August and October 2017 there were 10.1 million inbound visits to the UK, down marginally by 1% on the same period in 2016. However, overseas visits in both the first ten months of 2017 and the rolling 12 months to October 2017 set new records. There were 33.3 million visits to the UK in the first ten months of the year (up 5% on January – October 2016) and 39.3 million visits in the 12 months to October 2017 (up 7% on the 12 months to October 2016).

# Spending

- Spending: October 2017 spending rose 1% compared to October 2016 to reach £1.9 billion. But with record results in each of the first nine months of the year, inbound visitors' spending still shows record results for the latest 3 and rolling 12 months to October 2017: international visitors spent £7.2 billion in August October 2017 (up 6% on the same months in 2016).
- The record setting continues over the first ten months of 2017 with inbound spending up 10% on January October 2016, to a record £20.9 billion, and over the past 12 months, with £24.5 billion spent between November 2016 and October 2017, the highest ever rolling 12- month period.
- Spend per visit: For the last 12 months average spend per visit was £622, which is above the average for 2016 (£599). Spending growth has outpaced visit growth in nine of the first ten months of 2017.

## Journey purpose

- Holiday visits were down 5% to 1.1 million in October 2017, compared to holiday visits received in October 2016. Despite this decrease, holiday visits for the year to date, latest 3 months, and rolling 12 months to October 2017 all set new records. Between August and October 2017 there were 4.1 million holiday visits to the UK, up 2% on the same 3-month period in 2016. There were also a record 13.4 million holiday visits in the first ten months of 2017, and 15.4 million holiday visits in the latest 12-month period (November 2016 October 2017), just below the strongest ever 12-month period for inbound holiday visits, achieved last month.
- Visits to friends and relatives (VFR) were down 2% to 1.0 million in October 2017. However, VFR visits are still tracking 4% higher in the most recent three months compared to 2016. Overall, there were 10.0 million VFR visits to the UK in the first ten months of 2017 – the highest first ten months of any calendar year. There were also 12.0 million VFR visits to the UK in the rolling 12 months to October 2017, almost on par with the strongest ever rolling 12 months for VFR.

- Business visits continue to be weaker in 2017, compared to 2016. Business visits in October 2017 were down 13% on October 2016. With only January and May registering growth in 2017, there were 4% fewer business visits to the UK in the first ten months of 2017, compared to the same months in 2016.
- Miscellaneous journey purpose visits are a combination of a wide range of different journey purposes, including (but not limited to) short term study, looking for work, shopping, attending a sports event and many more. In October 2017 visits to the UK for those miscellaneous purposes were up 8% on the same month a year ago. Visits in the last three months were just on par with those in August – October 2016. But, with double digit growth in February and March 2017, there were 5% more miscellaneous visits in the first ten months of 2017, compared to the same period in 2016 (although not a record).
